## Brand Spotlight: DuPont Tyvek

DuPont Tyvek products have been providing protective barriers for residential and commercial jobsites for over 50 years. They specialize in spunbonded olefin sheet products that cannot be washed or worn away. These products are:

- Stronger than paper
- More versatile than fabric
- Breathable
- A more cost-effective choice
- Pliable and easy to install

Tyvek sheets provide a unique type of barrier that can be used for a variety of applications, including building homewrap.

Gator Gypsum carries both residential and commercial versions of Tyvek HomeWrap and can also order any other Tyvek product you may need (protective apparel, cargo covers, industrial bags, etc.). [Learn more about Tyvek HomeWrap and watch a video.](#)

Gator Gypsum is proud to have a number of employees who have been with the company for many years. At our Tampa yard, we actually have a "Years of Service" wall to honor these employees because we know they are the backbone of our success as a company.

The drywall business is an extremely labor-intensive occupation with long days spent on jobsites, constantly dealing with the heat and humidity of Florida. Despite these conditions, Gator Gypsum boasts longevity that is not often seen in the industry.

What does this mean for you?

- Unmatched industry experience
- Solutions for any jobsite requirement
- Uncompromising commitment to safety - from our yard to your jobsite
- Extensive product knowledge

We are proud to have employees with 30+ years of experience and to have been in the market - under the same name - for three decades. You can read more about our company and some posts about how we do business in [our blog](#).

This month, we'd also like to congratulate Gator Gypsum's Area Manager (for Ocala and Gainesville) Brett Hendrix, whose son Jessen won a coveted gold medal in wrestling at Bellevue High School in Marion County.
